WEATHER TODAY—Local showers.

VOL. XLVII. No. 48.

SALT LAKE CITY, UTAH, FRIDAY MORNING, JUNE 3, 1904.

14 PAGES.—FIVE CENTS

WOMEN JEER THE MILITIA

Try to Incite Men to Violence.

Situation at Hanging Rock Has Become a Very Serious One.

Castle Measures Are in Contemplation by Officers of the National Guard.

HANGING ROCK, O., June 2.—It is said that a crisis in the strike situation will be reached when the soldiers take into custody a union man and a striker, who is said to be a leader of the forces, which the troops have been sent here to quell.

More drastic than this is an action under contemplation to place a number of men under guard. It was reported to Maj. Corn today that women of the village were jeering the soldiers and attempting to incite men to violence.

Maj. Corn is searching the village for arms and will seize all found, whether in the hands of strikers or non-union men. In the colored church, the headquarters of the non-union men, a large quantity of ammunition and guns were found and seized.

There were no disturbances of any kind up to a late hour tonight. Negotiations for a settlement of the strike have been begun, John Mitchell and Thomas I. Kidd, as vice-presidents of the American Federation of Labor, representing the men.

To Deal With Problem of Polygamy

Democrats of Ada County, Idaho, in Convention Adopt Resolution on the Subject.

BOISE, Ida., June 2.—The Democratic convention of this county was held today and was of great importance because Senator Dubois's plan for dealing with the Mormon question was brought forward and adopted by the convention. The resolutions adopted demand a plank in the national platform favoring the submission of an amendment to the constitution giving Congress authority to deal with the problem of polygamy and punish those guilty of polygamous practices. Another demand is that the State convention adopt a plank in favor of State legislation against the practice of polygamy. Heretofore efforts to secure such legislation have failed.

The convention was dominated by friends of Hearst, but they did not instruct for him, contenting themselves with passing a commendatory resolution. The minority introduced a resolution for instruction to corner the majority, but the latter resolutely voted it down. The delegation to the State convention is said to have a majority of Hearst men and under the unit rule.

Senator Dubois's move in the matter of a plank in the national platform has created a sensation, as it is understood the party will adopt such a plank, and many of the local political authorities declare that, unless a similar plank is adopted in the national convention, the Republicans will have great difficulty in carrying the State.

An Adulterer Convicted.

RICHFIELD, June 2.—Jens Hansen was found guilty of adultery. Judge Childerstein pronounced sentence on Friday morning. The jury was out only a few minutes. This was about the foulest case yet tried in the District court here.

The case of the Lons Creek Irrigation company vs. W. H. Rex et al. was continued until August 11.

SOLDIERS KILLED IN MINDANAO

WASHINGTON, June 2.—Maj. Gen. Almsworth, the military secretary, today received from Gen. Wade, commanding the division of the Philippines, a cable report of the recent attack upon American troops in Mindanao. The following is an extract from the dispatch: Maj. Gen. Leonard Wood returned May 29 from an expedition to Lake Liguasan. The remains of officers and men killed in action May 8 were brought to Cottabato and interred. All's outfit, a small aggregation of outlaws, now in hiding and was pursued until captured or destroyed. No disturbance whatever in Cottabato. No casualties in expedition. Following is a complete list of casualties among enlisted men May 8:

Strike of Graduates in Montana College

Nine Graduates Refuse to Take Their Diplomas on Account of Action of Faculty.

Special to The Tribune.

BOZEMAN, Mont., June 2.—A strike occurred last night among graduates of the State Agricultural college, when the exercises were about to begin. Of ten graduates nine refused to take their diplomas. Herbert Reese being the only member of the graduating class to graduate. The trouble arose through a refusal on the part of the faculty to grant a diploma to one of the class, Jerome Locke. Up to the time the exercises were about to commence it was supposed Locke would be given his sheepskin; in fact, there had been nothing to indicate that a diploma would be denied. At the last moment it was said that there had been irregularities in his examination and it had been decided to deny him his diploma.

Word was quickly passed around among other members of the class. Locke, who is one of the most popular members of the class, was declared by his fellow-graduates to have been fair in all of the examinations, and they decided to stay with him. "If he does not get his sheepskin we don't get ours," was the cry. As a result, Herbert Reese, who would not stay with the others in the strike, was the only one to receive a diploma. It is said, however, that they all received their sheepskins after the exercises, but the faculty is very reticent about the matter.

Treasurer of Miners' Union Disappears

Funds of the Organization Are Likewise Missing, and No Bond to Cover the Loss.

Special to The Tribune.

BOZEMAN, Mont., June 2.—William Bakka, treasurer of the Red Lodge Miners' union, has disappeared, and \$1054 of the organization's funds are missing also. Reckless gambling at the poker table is believed to have been the cause of Bakka's downfall, he having, it is said, given several union checks to liquidate his heavy gambling debts. Bakka at one time requested the union to enforce one of its by-laws providing that only \$200 could be held by the treasurer at one time. It is now believed by his friends that he then felt the temptation to embezzle gradually stealing over him and was making an effort to ward off the inevitable. A peculiar phase of the embezzlement is that Bakka was not bonded, for the reason that the union had declared a boycott against the Fidelity and Guaranty company, a concern doing the greater amount of the bonding business of the State, and arrangements for another bond had not yet been completed.

Whitecaps Whip a Montana Man

Outrage Perpetrated by Thirteen Masked Men at an Ore Camp.

Special to The Tribune.

BOZEMAN, Mont., June 2.—Jealousy between the workingmen and the smelter men's unions resulted last night in a visit of thirteen whitecaps to the High Ore mine of the Anaconda Mining company's properties, and the serious wounding of James Paige, a timekeeper, who was beaten and kicked into insensibility by the masked thugs. The gang of whitecaps was in search of Morgan Howell, a non-union man who had professed a willingness to ally himself with the workingmen's union, but not with the smeltermen's union. Paige attempted to save Howell, when he was himself assaulted. Howell escaped all injury.

Idaho Girl Gets Degree.

BOSTON, Mass., June 2.—Miss Eva Frederica Chase of Payette, Idaho, is among the successful candidates for the bachelor of arts degree at Vassar college and stands very high in scholarship in a class whose standard this year rates better than for some years.

Ewing Quillen. Benjamin B. Noide. Albert W. Osborne. Martin Elmer. Ames J. Gilliam. Owen Hughes. William Lutzgens. John O'Connors. Leonard C. Smith. William A. Williams. Charles Cole. Frank G. Meredith. Last named having transferred from Company E, Seventeenth Infantry.

Wounded: Thomas H. Beckett. George R. Humphreys. Henry D. Shaddieu. John I. Barnhouse. Francis M. Davis. John E. DeLonge. All wounded doing well. These belonged to Company F, Seventeenth Infantry.

MORE BROWN MEN HAVE BEEN LANDED AT TSING TUISE

CHEFOO, June 2.—The Japanese have landed another lot of troops at Tsing Tui (Cheng Thait) Bay, about twenty miles southwest from Takushan. A Chinese junk arriving from there says seventy warships and transports have discharged troops there. One thousand troops had been garrisoned ashore. Reinforcements for the Japanese army which is attacking Port Arthur have been landed northeast of Tallowan. Their number is unknown.

The London Times steamer Halman returned to Chefoo June 2 from a cruise in Kin Chou bay. The correspondent learned from Port Arthur refugees that the native and civilian population get only such food as arrives on junks. The military authorities requisitioned all available food. On half rations it is estimated that the garrison has enough for five months. The five damaged warships moored at the Port Arthur jetties have been denuded of everything movable.

Hospital Building Destroyed by Fire

One Just Erected at Warm Springs, Montana, Is Ruined by Flames.

ANACONDA, Mont., June 2.—The new hospital building at Warm Springs, erected at a cost of \$30,000, caught fire, presumably from a defective flue, at 2:35 this afternoon, and was practically gutted. Only the walls are standing.

There were 150 patients in the building, but none were injured. The loss is covered by insurance.

At 4 o'clock aid was asked from the Anaconda fire department and Mayor Frinke ordered the big fire engine taken to the station. Aid was also secured from the Deer Lodge fire department.

Wild Animals Invade Ogden Parks

Boy Captures a Coyote in Lester Park, Almost in Heart of the City.

Special to The Tribune.

OGDEN, June 2.—The capturing of wild animals in the heart of a city of 20,000 people was a novelty witnessed here about noon today. Ed Ferguson, a boy of 20 years, while coming down town from his home on the bench, was walking through Lester park when he espied a young coyote sneaking through the grass, and aiming himself with bricks and rocks, cornered the animal and began bombarding it. A brickbat accurately aimed struck the animal in the head and knocked it out temporarily long enough to give Ferguson a chance to capture it alive.

Lester park is the most centrally located of all the parks in Ogden, being but two blocks up the hill from Washington avenue, and the capture of a wild animal there is a most unusual occurrence. It appears, however, that the "cub" must have escaped from some of the menagerie about town as it is comparatively tame.

Hearst Captures Wyoming Delegates

Platform Strongly Indorses His Candidacy, and Delegation Instructed to Vote for Him.

Special to The Tribune.

CHEYENNE, Wyo., June 2.—The Democratic State convention to select six delegates and six alternates to the National convention was held here today and resulted in the selection of the following: Hon. Colin Hunter, Laramie county; Senator J. W. Rodgers, Crook county; Hon. S. L. Beck, Big Horn county; Hon. D. L. Stickney, Albany county; J. U. Allard, Lincoln county; W. Cresswell, Johnson county. Alternates: Col. W. D. Pickell, E. W. Madison, J. Z. Hoop, Park county; J. M. Thomas and Avery T. Holmes.

The platform affirms the time honored principles of the Democratic party, demands the enactment of anti-trust laws, calls for a revision of the tariff and strongly indorses William R. Hearst for the Presidential nomination. The delegates are instructed to vote for Hearst as long as there is the slightest chance of his nomination. The Hearst men did not win without a fight, a strong effort being made by Parker men for an unopposed delegation. The delegation is bound by the unit rule. Ex-Gov. John E. Osborne of Rawlins was elected National committee man. It was recommended that the central committee make Sheridan the place of the State convention to nominate State officers and a candidate for Congress.

RIOT OCCURS IN CONVENTION

Wild Time When Yates Banner Falls.

Immense Streamer Unfurled in Republican Gathering in Springfield.

Hamlin Men Tear It Down—Replaced by Yates Crowd, Balloting Then Resumes.

SPRINGFIELD, Ill., June 2.—While the roll was being called on the seventy-fourth ballot in the Republican State convention here today a small riot occurred. The Yates men started the demonstration. An immense canvas banner which had been rolled up above the platform was unfurled. Sheriff Brainard of Springfield, W. J. Butler and other Hamlin men, leaped upon the tables and tore it down. The Yates men rescued it and put it up back of the platform. Speaker Cannon made a statement, saying Yates was not responsible for the incident, and that he (Cannon) had ordered the banner taken down. The banner bore the inscription "Hold the Port." A free-for-all fight was prevented only by the interference of the police. The banner, after its rescue by the Yates men, was hung up in the rear of the platform.

Deadlock Is Unbroken.

A desperate effort made early today to break the deadlock in the State convention failed, and at 8 o'clock tonight the assembly took a recess until 10 a. m. tomorrow without having nominated a candidate for Governor. The attempt to bring about the break was a spectacular one. Ex-Congressman Walter Reeves, chairman of the committee on resolutions, and Chairman Cannon, engaged the "japs," which was made possible by the report of the committee on resolutions which presented the resolution which it originated and which was referred to the committee at yesterday's session.

Delegates Are Released.

This resolution was to the effect that the delegates be released from instructions and when it was presented Mr. Reeves called upon the candidates, one by one, to come before the convention and express their opinion regarding it. Sherman, Congressman Vespasian Warner and John H. Pierce.

Cannon Makes Appeal.

Congressman Cannon demanded the attention of the convention and eloquently pleaded with the delegates to break the deadlock. He declared that the delegates must compromise, and called attention to the fact that the convention, by its inaction, was injuring the Republican party, not only in Illinois, but in the entire Nation. "Let us adopt this resolution," he said, "and nominate a ticket, and let us do it today."

No Change in Ballot.

There was not a vote against the resolution, but when the roll was called for the sixty-seventh ballot there was no substantial change from the ballots of the previous day. On the next ballot taken before the noon recess a number of the uninstructed delegates voted for Judge Sherman, whose speech before the convention had made a good impression, and he received 80 votes.

Break to Lowden.

When the convention reconvened for the afternoon session the long expected break from Yates to Lowden came, and he got the vote of Speaker Cannon's district as well as the votes of several other counties and some scattered delegates. For several ballots his vote increased until he reached a vote of 631. Then the tide turned, and on the closing ballot the seventy-eighth, his vote had dropped to 523. It requires 752 to nominate. Yates's lowest vote during the day was 362, and his closing vote was 495. There was no material change in the vote of the other candidates.

Result of Last Ballot.

The last ballot tonight, the seventy-eighth, resulted: Yates, 405; Lowden, 523; Deeney, 363; Hamlin, 102; Warner, 32; Sherman, 45; Pierce, 21.

Mother Avenges Honor of Daughter

Fires Five Shots at Alleged Betrayer of Her Child, Four Taking Effect.

SEATTLE, Wash., June 2.—Mrs. Gertrude Robb shot and fatally wounded George Joyo on the Colman dock here this afternoon. She fired five shots at Joyo, striking him four times. Two of the bullets entered his back and two the abdomen. She gave herself up to a policeman immediately after the shooting. Joyo is said by Mrs. Robb to be the betrayer of her sixteen-year-old daughter, Cornelia Colman.

ALL SIDES OF THE SHORT-WEIGHT EGG QUESTION

Two Sides to the Small Egg Fight.

MEN SLAIN AT KIN CHOU

Twenty Thousand Japs Killed.

Russian Officer Who Eluded Brown Men Has Arrived at Mukden.

He Reports the Slaughter in the Battle as Something Awful.

T. PETERSBURG, June 2.—All the reports received at Gen. Kuropatkin's headquarters from the Kwang Tung peninsula are increasing the extent of the Japanese losses at Kin Chou, one today making the number at about 20,000 men. Accurate reports of the Russian losses as well as of the Russian forces engaged, were probably brought by Lieut.-Col. Gorouko, who has just arrived at Mukden from Port Arthur.

Has Important Dispatches.

Gorouko, who succeeded in eluding the Japanese on the Liao Tung peninsula and reaching the Russian headquarters at Mukden, is attached to the staff of Gen. Fock. He is the bearer of important information regarding the fighting at Kin Chou and the situation at Port Arthur. It is known that the Japanese statements are incorrect in a number of particulars. For instance, they gave the name of a regiment as engaged which really is at Liao Yang.

According to information in possession of the general staff the enemy has five divisions and five reserve corps, about 80,000 men, on the Liao Tung peninsula and at least seven divisions and seven reserve corps or about 125,000 men, in southern Manchuria.

Decisive Engagement Near.

Although the impression prevailed among the members of the general staff that Gen. Kuropatkin's purpose was to make feints to prevent Gen. Kuropatkin from moving, but not to attack him until the result of the campaign against Port Arthur is determined, there is now apparently more inclination to think he will try a demonstration in force, which might result in a decisive engagement.

The Japanese commander is constantly shifting his columns back and forth to conceal his real purpose, the latest reports received being that he has again abandoned Saimatza, north of Feng Wang Chien.

Not Bottled Up.

It can be safely predicted that the Russian squadron at Port Arthur will not wait until the last moment before going out. The admiralty seems to entertain no fear, if the situation there becomes desperate, that the squadron will be caught like a rat in a trap.

Rear-Admiral Witte's dispatch given out yesterday gave assurances on this point, a portion of which has not been made public, said that every ship except the Pobeda was now ready to go to sea at a moment's notice, and that the channel was clear.

Siege Will Be Long One.

He confirmed the belief which existed here that the Japanese will continue their efforts to block the channel before the decisive moment to storm the fortress on the land side arrives, and has made plans accordingly. In the opinion of the most competent military critics the land fortifications must be risked before a general assault can be risked, and this is not considered possible in less than ten weeks.

Postmasters Are Chosen.

WASHINGTON, D. C., June 2.—Postmasters appointed: Utah—Woodside, Emery county, Scott M. Miller, vice Claude Brown, resigned. Wyoming—Inyanakara, Crook county, John Handley, vice Mary J. Burns, removed.

Democrats in Conference.
NEW YORK, June 2.—Senator Arthur P. Gorman of Maryland, Col. James M. Guffey of Pennsylvania and Sergt. Cram, Mr. Cram representing Charles F. Murphy, were in conference today at the Holland house.

HENS LAYING FOR INSPECTORS

Scandal in Salt Lake Poultry Yards.

Why Should Eggs Not Be Sold by Weight or Measure?

Weight of the Average Egg Is Said to Be About Two Ounces.

"YOUNG Housewife" would not have anything to say about short-weight eggs if she had to wait as long for eggs as I do," was the comment made by an amateur poultry breeder on the complaint of a Tribune correspondent in yesterday's issue.

This is the amateur breeder's position on the question. The opinion of the consumer has already been expressed. The third party concerned is the hen. A great flutter was caused in the poultry yards by the suggestion that an egg inspector should be appointed to prevent the sale of short-weight eggs. The hens talked freely on the subject, but some difficulty has been encountered in translating their peculiar language correctly.

"No one can say that my eggs are deficient in weight," cackled a big Brahma. "I have given extra measure all my life. I am a fool to do it, too. This is Mrs. Leghorn in the next yard. She lays the meanest little eggs you ever saw, but she gets as much to eat as I do and her eggs bring the same price. I don't wonder that people complain about the little things she lays, but it isn't fair to blame us all for the shortcomings of that natty brown gadabout. She is always flying over the fence and getting into our corn. Why, only last week—

Indignant Mrs. Leghorn.

The remainder of the interview related to the cackles of Mrs. Leghorn and had nothing to do with the question at issue. Mrs. Leghorn was seen and clucked off the following in the Morse code:

"It is all nonsense about my eggs being underweight. Once in awhile I may drop a small egg, but just look at the many times I lay them over the standard weight. People are quick enough to kick when you give them a small measure, but they never do give you credit when you allow them more than they pay for. I'll bet it was that old cow of a Brahma that started this story on me. Why, that lazy old thing actually doesn't lay but one egg a week. Every day, at this time of year, I go to the nest and drop a nice brown sphere and if she laid two in four days she would tell the whole neighborhood that she was worked to death. She is the worst old gossip in this block. Just the other day she—

Will Pick His Eyes Out.

"If you let them send an old inspector around here," said Mrs. Lang Shan, "I will pick his eyes out. I have a feeling that I ought to be raising a family instead of feeding other people's, so I am not very safe to fool with. It is all nonsense about small eggs. Folks have no business to be so particular. I am just as good as anyone, but if you will bring me a rubber ball and a four-knot I will settle down on them and not say a word."

Roast for Our Husband.

Mrs. P. Rock had just finished a hearty meal of ants when approached and was inclined to be facetious. "People are so unreasonable," she remarked. "For years we have been furnishing the shells for nothing, yet if a poor hen takes enough from the egg to pay for the shell she is accused of dishonesty. I suppose we will have to stand it, however. If anything is wrong it is the females who are to blame. Only this morning our husband was saying, 'See what a scandal you hens have stirred up.' 'Go on,' I said, for I was a rooster."

Victim of Appendicitis.

SAN FRANCISCO, June 2.—Webster Rachelor, a Chicago capitalist, died in this city today, following an operation for appendicitis. He was over 70 years of age.

Six Die in Collision

NORWALK, O., June 2.—Six persons were killed and a dozen or more hurt late this afternoon as a result of the collision on the Lake Shore electric railway between an east-bound fast electric passenger car and a west-bound "package freight" car at Wells Corners, a few miles east of this city.

All those killed were in the smoking compartment of the passenger car. The cars were suburban electric cars of the largest type, and were moving at full speed.

Dead:

Charles Peck, Lorain, O.
W. W. Sherwood, Garrettsville, O.
Neil Sullivan, inspector of safety appliances for the Interstate Commerce Commission, Birmingham, N. Y.
Clarence Ketchum, Lorain, O.

Ralph Williams (colored), Indianapolis, Ind.
Unidentified man; in his pocket was a key ring with the name George Judt Taylor, Alliance, O.

Seriously Injured:

Steve Watergo, body crushed, terribly cut about head.
Frank Libling, Cleveland; head badly cut.
Rose Burns, Cleveland; head badly cut, teeth knocked out.
M. McDonald, Cleveland; internal injuries, left side badly crushed.
Mrs. W. R. Ensign, Toledo; leg broken.
George Strugelin, motorman on package car; badly injured.
The accident occurred at a point quite distant from any immediate means of communication and assistance was from Norwalk, where every physician and nurse in the city was hurried to the place. When the injured had been attended to they were brought to this city.
